Spring Market of Chinese Culture

Objective(s)

- Demonstrate the learning process of students
- Promote the understanding of traditional Chinese culture among students
- Strengthen students' understanding of Chinese culture and cultivate a sense of national identity
- Spread Chinese wisdom and virtues

Brief Descriptions:

From April to May, teachers and students will use "Spring Festival" as the theme to turn the school into a "spring market". In the market, there are various ground shops, banks, study rooms, tea houses, flower stalls, health preservation museum... On May 13, the "Spring Market" was opened, different people come to school, experienced the learning process of teachers and students, and then construct and explore in depth. Students simulate the experience of working to earn money, shopping and spending, and donating to others. Coinciding with the arrival of Mother's Day, it is a good time to show the learning achievements to all walks of life and experience the traditional Chinese virtues of "filial piety, diligence and thrift" and "reciprocity".
