Brief Descriptions:

27 October, 2023. K3 students went to Tuen Mun Town Hall to appreciate the "Invitational Exhibition of Hong Kong Mainland Seal Engraving and Ink Painting Art Works" Students appreciated the animals, figures and landscapes in Chinese paintings, and found the works of various famous artists novel and interesting. I deeply feel the practicality and artistry of Chinese seal cutting and ink painting art, which greatly enhances students' interest in Chinese culture. Enjoy and yearn for a beautiful and comfortable creative process.
