

Nature Experience-save the ocean@Ocean Park

Date : 22-2-2024

Class : K2 、 K3

Place : Ocean Park Hong Kong

Content :

K2 and K3 children learn about different sea creatures. Through close observation of manta rays (manta rays), seahorses and reef fish, they found that their colors and body structures provide protection. After that, they must uphold the mission of protecting the ocean, help marine animals, and give them a clean and safe home.
