Mid-Autumn Festival and Moon Appreciation Celebration

Objective(s)

- Let children understand the traditional Mid-Autumn Festival story "Chang'e Flying to the Moon"
- Children can tell the customs of the Mid-Autumn Festival, such as eating moon cakes, playing with lanterns, guessing lantern riddles, etc.
- Let all teachers and students enjoy the joyful atmosphere of the Mid-Autumn Festival.

Brief Descriptions:

The Mid-Autumn Festival falls on the 15th day of the eighth lunar month. Let's look at the Mid-Autumn Festival story together and learn about Hou Yi shooting the sun and Chang'e flying to the moon. Then we can guess lantern riddles and play games together. It's so fun to throw moon gems! Finally, it's the happiest lantern tour for the children! Children and their companions play with their favorite lanterns and are so excited looking at the shining lanterns! Young children can also play with the moon rabbit and moon lantern given by the school today!

Also, share the delicious Mid-Autumn Festival food. Thank you to all the parents for bringing the Mid-Autumn Festival food for their children. Everyone ate it with gusto! But everyone must remember our moral education theme of "healthy living". Eat healthily and in moderation. Mooncakes are all about eating less to taste more, eating more will ruin your belly!
