

# Next Stop is Polar @Ocean Park

Date : 15-1-2025

Class : K3

Place : Black Box Ocean Park Hong Kong

Content :

Today, the K3 children embarked on a "Polar" journey in Ocean Park while learning the theme "Learning to Love the Earth" and experienced the mystery of the polar environment first-hand. They followed the Ocean Park's conservation ambassadors into the mysterious "Arctic Classroom" and learned about arctic foxes, harbor seals, walruses, sea lions and other animals in the polar regions. How amazing!
